ORGANIZED BY THE ARCHDIOCESAN MENTAL HEALTH MINISTRY

The Vital Role of Self Discipline
 in the cultivation of mental health and well-being,
 as well as successful living

Good intentions alone are not enough. To succeed in almost every aspect of living, we need to have the self discipline vital to help us focus on the important things in life that we need to pay close attention to.

Simply because life is full of distractions and without self discipline, the likelihood of us losing track of what is important and not doing what needs to be done, can be quite problematic. In this session Gerard explores the idea that Discipline is Destiny. And that without discipline, our destinies are unlikely to be satisfactorily fulfilled.
